PROFESSIONAL SUMMARY

FullStack Developer and Agentic AI Engineer with 1.5+ years building production AI systems — from founding-team engineer at TalkifAI to shipping production agentic workflows daily with Claude Code, Cursor, and MCP. I write the code, own the architecture, and ship.

EXPERIENCE

COO & Lead Engineer · TalkifAI Jul 2025 – April 2026 | Remote

- Architected self-hosted LiveKit + SIP infrastructure on Google Cloud — sub-second latency at \$0.05/min
- Built BYOC abstraction layer (Twilio + raw SIP), Batch Calling for 100+ simultaneous dials, and one-click RAG Knowledge Base
- Delivered post-call intelligence pipeline: transcription, recording, and AI-structured analysis via REST API
- Shipped Voice Selection UI, BYOK, multi-tenant org management, and developer API key system

Full Stack Developer · XponentialAI May 2025 – Jan 2026 | Remote

- Built end-to-end Amazon listing automation — PNG upload → 7-8 AI-generated mockups → localized listings for 5 EU regions
- Integrated Amazon SP-API for one-click listing submission with real-time status tracking (Listed / Pending / Rejected)

TECHNICAL SKILLS

Frontend

JavaScript	TypeScript	React.js	Next.js	Tailwind CSS	Framer Motion
------------	------------	----------	---------	--------------	---------------

Backend & AI

Python	FastAPI	LangChain	LangGraph	OpenAI SDK	Livekit
--------	---------	-----------	-----------	------------	---------

Databases & DevOps

PostgreSQL	MongoDB	FalkorDB	Docker	Git / GitHub	Google Cloud
------------	---------	----------	--------	--------------	--------------

Integrations

MCP Servers	Twilio	SIP / WebRTC	Prisma ORM	REST APIs
-------------	--------	--------------	------------	-----------

NOTABLE PROJECTS

- TalkifAI Customer Success FTE — Production 24/7 AI agent (Kafka · OpenAI SDK · FastAPI · K8s · Next.js)
- Digital FTE on Azure — Autonomous AI employee using Claude Code + MCP, reducing cost/task from \$5 → \$0.25
- AI-Powered Todo App with MCP — CLI → fullstack web → natural language task management via MCP tools

EDUCATION & CERTIFICATIONS

Certified Agentic AI Engineer · PIAIC · GIAIC 2023 – Present

LLMs · RAG · Multi-agent systems · Cloud deployment | Student Leader & Class Representative

Associate Degree in Commerce · University of Karachi 2021 – 2023
